DETAILED ACTION

REASONS FOR ALLOWANCE

The reasons for allowance were addressed in a previous Office action filed 3/26/07 and is repeated below along with some points of clarification:

As to claims 1-6, 8-10, 12-20, 22, 25, and 26, the primary reason for allowance is the inclusion of the inelastic strap attached to one shell part to close a gap between the shell parts, in combination with all of the other limitations of the claims. Additionally, it is clear that the "lower end" on line 9 of claim 1 refers to the lower end of the shell part. Furthermore, it is clear that the microphone signal on lines 1-2 of claim 3 refer to a signal from the microphone means on line of claim 1, where claim 3 is dependent upon claim 1, and there is no other microphone or microphone means in the claimed invention.

As to claim 11, the primary reason for allowance is the inclusion of the shells being fitted on hinge parts connected to handle parts operable by one hand, in combination with all of the other limitations of the claims.

As to claim 21, the primary reason for allowance is the inclusion of the joint support emulating a universal joint by means of a foam pad, in combination with all of the other limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia C. Mallari whose telephone number is (571) 272-4729. The examiner can normally be reached on Monday-Friday 10:00 am-6:30 pm.
